Dedication

The Class of 2009 proudly dedicates this yearbook to Mrs. Hudson. In her 35 years of working at West Boylston High School, Mrs. Hudson has had a great influence on not only the seniors but also the school as a whole. She has done everything from coaching softball and basketball to creating a five-star student council. As the advisor of the student council for the past 30 years, Mrs. Hudson has made a huge impact on our school. She has overseen the running of the homecoming dances, pep rallies, and annual class play competitions. One of the most remarkable things she has done as an advisor is to create an annual tradition of a blood drive at West Boylston High School. Not only is she respected here at West Boylston, but also across the state as well. Three years ago Mrs. Hudson received statewide recognition as the Advisor of the Year of student council from the Massachusetts Association of Student Councils. This year she was recognized again by the Massachusetts Association of Student Councils for her service and dedication to student council. Mrs. Hudson has also done a great deal for the senior class. She has taught us Spanish, as well as the infamous "queso" dance. Mrs. Hudson has supported us through hours of play comps rehearsals and has been there come show time, cheering us on. But what the Class of 2009 most appreciates is the fact that Mrs. Hudson has taught us never to give up. Whether it is something as simple as advising play comps or telling us to follow our dreams, Mrs. Hudson has always been there for us. Thank you Mrs. Hudson for all that you have done!

Best wishes for a wonderful retirement!

A Note from Ms. Delaney (Yearbook Advisor):

Thank you to all our 2009 Lion's Pride Yearbook Staff, whose dedication and hard work made this yearbook possible. These students put in countless hours to design this book, which now becomes a part of West Boylston History.

A Special Note of Thanks to my two right hand women. I could always count on you:

To the Editor in Chief, Leah Kapiloff: Whenever something needed to be done, there you were. Thank you for always being there, and for making this book the success that it is. You worked tirelessly and selflessly to complete this book. No matter what was missing in the book, you could be counted on to fill in the gaps. You are a true pillar of strength, and I will miss your never-ending smile.

To the Business Manager, Abby Bartholomew: The 2009 Yearbook sold more advertisements than in years past. Thank you for all your hard work to organize, scan, and design our advertising section. I know it was an enormous job, and I knew I could count on you to do it. I couldn't have asked for a better business manager.

High School has been a fun four years, full of surprises and twists. I will soon not forget some of the kind and helpful teachers I've had along the way, or my loyal friends and family. I consider myself lucky for the many activities I got to be part of. It was a rare and exciting experience when the girls won the soccer state championship and our little town became ancient, at the age of 200. It was also fun being a part of the varsity baseball team that went 22-1. Everyone tells you to cherish your High School years because life changes quickly and these years are the best of your life. I see things differently. Life is what you make it. Your attitude determines what kind of life it will be. Any task can be a fun one if you have the right mind set. With that in mind, I look forward to college, an extension of the good times. To all of my fellow classmates, I wish you luck in your future endeavors and hope you have happy, prosperous lives. Who knows, it's a small world I may see a few of you around.

"I think about the years I've spent just passin' through. I'd like to have the time I lost and give it back to you. But you just smile and take my hand, you've been there, you understand. It's all part of a grander plan that is comin' true."
~Rascal Flatts

The days of high school have been some of the best so far. I came to West Boylston not knowing a single person, and I am leaving with so many friends. Kasia, we had so many good times at internship, and how can we forget the spaghetti??!!! Or the pic of the snow on my car. Ams, you and I go back even further. You were the only person that I knew when I came to this school. I remember on the first day of school you and I were just sitting in the cafeteria all by ourselves just looking around because we didn't know what else to do. But the one person that I will always remember no matter what is Alycia. Alycia, you mean everything to me, and I am so glad that I got to be with you through high school.and I love how you don't even go here, but everyone still knows who you are. Can't wait to graduate!!!!!

Many people say that high school has been the time of their lives. My high school experience has been marked by ups and downs, but all unforgettable experiences; I wouldn't change any of them for the world because they have become a part of me. I have reinforced as well as discovered new parts of my personality. I have strengthened old friendships, met new best friends and even my boyfriend. My best friends know who they are- hoe and shovel- and obviously my boyfriend knows who he is, but sometimes you never know with him. Even though Kyle has graduated, I still feel that I should mention him because he has been such an imminense part of my high school years. He's my goose and I think I'll keep him around for a while. My family has been so supportive of me throughout high school- Andrea, Mom, Dad, Grammy, and my Mama P. I have developed such great friendships and experiences in high school, I am only that much more excited for the future. Good luck class of 2009! I hope we all achieve what we set out to do!

Wow I can't believe that our high school years are almost over! It has gone by so quickly and I'm not ready for it to come to an end. First off, Mom and Dad, I would like to thank you for all the support and advice that you have given me throughout the years. I owe everything to you for always pushing me to do my best in everything that I do. I love you so much! Brandon and Sara, even though you two can be annoying sometimes, I know that I will always have someone to count on. I would also like to thank all of my teachers for everything that they have done. To all of my friends who have been there for me throughout the years and all the memories that we have made: Luke, Kevin, Fish, Pat, Dana, Dan and Gillum- it's been so great hanging out especially the wiffleball and Red Sox games. Also to all of my other friends- LK, TP, MG, SB, ST, JF, EH, JS, TM, AO, JE, HM, NC, CR, MT, ES, CS, DS and I'm sorry if I left anyone out. Congrats and Good Luck Class Of 2009!!!!

Sometimes I think back five years ago, to when I first moved to this town, and to be honest, I wasn't excited. But, I was naive and these past years of my journey of life have been the absolute best time of my life and they were shared with people I love. I've learned a lot from everyone here, and I'd like to say thanks!! Mom and Dad, we've definitely had our rough patches, but I love you both so much and could not have asked for more from you two, thanks so much for everything. My huge, crazy, Irish family is and will always be my rock. I love you all. My friends are the best, and their support throughout the years has been amazing. Cait Thunny, I love you so much! You are the best friend anyone could ever ask for, I'm so grateful to have met you! You're like a sister to me, I love you! Wow, what can I say? High School is over?! We did great, if I may say so myself. 09 is FINE! We really had an awesome class. It's so cool to see how we've all changed since middle school. The pathetic drama, and the little things we cared so much about then, thank God we've matured a wee-bit. Now we mix really well. I'm going to miss our class. We all have so much potential; I think we'll make it. Either way, we really worked high school! I want to thank my family and friends. I always knew I could try whatever I felt I needed to, and not worry, because I knew no matter how bad I messed up or how hard I fell, I always had you guys to pick me up. I'll actually miss WeBo, we had it pretty good. I've learned so much. We had crazy experiences as a class, from bus crashes, to beach trips, I feel you have all prepared me well for a bigger world. Goodbye is really scary, but here it goes: Congratulations class of 2009! We worked it. I wish the very best for you all, God Bless!

This really crept up on me, never would, nor could have imagined I could be here right now in such a short amount of time. It really puts things into perspective for me, now knowing that everything in life can affect a lot of aspects with such ease. My friends and family are the only people that I owe everything too, they made this possible. Foremost, I would like to say thank you too my Mother and Father for not only bringing me into this world, but dedicating everything they had to watch their sons grow up right. To my older brother Joseph, thank you for giving me a strong, honest and comedic role model to follow throughout the years. To Alek, my younger brother and best friend. I can only hope you the best out of life to come and I hope I've been a strong enough older brother for you to realize that you will always have backup with anything you need, that is a promise. Zachary N- I say with pride that you have earned my respect to the fullest and that you have a friend and brother for life. Finally, I must thank all the friends that stuck by my side, even through the hardest of challenges. Colleen, Matt, Richard, Nicky, Bobby, &~ for all the people who I forgot, you obviously weren't important enough.

As my high school career winds down, I don't feel dispirited, if anything I feel a rush of excitement, and a desire to explore the limitless future that lies before me. No one knows what the future has in store for them, and I am of no exception; I 'm ready for the next chapter to begin. The experiences that are yet to come have me curious, but I will continue to live my life for the day, and remember never to rush; I'll always stop and take a minute to breathe in life, and live it to its fullest. Mom, Dad, Mark, Matt and Grampy -Thanks for making life around the house interesting; there's never a dull moment! And finally, my friends- We're crazy, but I wouldn't trade it for the world! The memories we have boggle my mind, but they'll make me laugh forever. Jenn and Corey, "I'm a professional rock climber!" Finally the wait is over! After this year we are off to college. It was a fun four years and some good memories. I became friends with great people like my locker buddy and best friend Caitlin Ahern and Ashlee Armey, who came into this school freshman year and we became friends that year. Chillin with my two friends, Derek Carlson and Nick Onorato every day after school at my house. Playing on the football team was fun and I made a bunch of friends and we would always crap around at practice. Also I'm going to give a shout out to my other friends: CO, AD, ZN, AP, AC, MH, MM, WA, MK, JS, RB, BC, DS, NB, DP, SF, MF, KD, RH, if I missed you that's unfortunate.

Somehow we managed to become seniors; somehow we became the oldest and the most influential, the ones who walked fearlessly through the halls. And it was just as easy, just as unspeakably difficult, as everything else we've done. Somewhere along the way I became a Theater Kid, and somewhere along the way I picked up some absolutely awesome friends and this is where coherence and I part ways. Here we go, in no particular order: Julia, Big Brother's watching! Mamma, I don't own you. Druids are not overpowered. It's King Friday! Sadism is a tragic flaw. Wull hai. I lost the game. I won the challenge. What's in your purse? Om nom nom. This poncho is...we're going to have to keep this G. Hey, Jake's mom! Stimular! DI all night! Magic in Maine. Productive sleepovers. German Apple Pancakes! It sounds like sand. Closets. Special volleyball. Alas, poor Yorick I knew him...in America! Drama! Come for the third, Laertes. You're a fantastic actress, generally how androgynously great! Improv games. Talking all night. Oh, life.

I can't believe we finally made it, SENIORS '09! Senior year came so fast, it's crazy to look at my fellow seniors and see how much everyone has grown up and changed over the years. I'd like to thank all my amazing friends [you know who you are] for making my high school experience the most exciting, hilarious years that I've ever had. We've had the best times and created the greatest memories. We even had the unique ability to have fun doing the most random things, like driving down main south for example, haha. You all have influenced my life in one way or another, and I can't thank you enough. I love you guys more then anything. To my family, thank you for always being there for me and supporting me through everything. To all my fellow seniors, good luck and cheers to the future! '09 IS FINE!

Wow. You know, when we were little kids, I don't think a single one of us believed what everyone was telling us. There's no way we thought it'd be over this fast. In less than a month, we'll have graduated and the first chapter of our lives will be over. There are too many people for me to thank, and too many memories to write down than is possible with two-hundred words. Mom, Dad, Andrew- Thanks for being my family. Thanks for pushing me and never letting me stop pushing myself. Mariah- Thank you for the happiest years of my life. They wouldn't have been the same without you. Blake- Climbing mountains is fun; then again, so's falling down them. Jake- Like another brother. Jane- We should go apple picking one last time sis. DI Team- Never forget the weird things we did. And to everyone else- Thanks for making the first eighteen years of my life as good as they've been. Well everyone, we're done. We'll be moving away for the first time in a few months. Now's the time to live life at its fullest. Enjoy the next few years, and never forget the last few. Stay in touch and enjoy the rest of your lives. High school in America has been a very interesting experience. I'm surprised at how kind and nice Americans are. Whenever I have trouble with the language or understanding something, everyone is always happy to help me. Eve: I'm very happy that I met you. You're very kind. Rachel: You're very pretty and have a great voice and smile. Jake: You're very funny. Kelly: I think you're very nice and smart. Robin: You're very cool and lovely. You have a cheerful disposition. I want your character. Catherine: I miss your dog, Basil. Mrs. Rottman: You let me play the piano. Thank you so much. Mrs. Delaney: You're very great and teach very well. Mrs. Foley: You're so kind and are a great teacher. I am sorry that I didn't receive good grades in your class. Thank you so much!! Mrs. Pelto: I learned so many things about the computer. Thank you. I was fascinated by your voice. Ama: You're very x100 SMART!! I respect you and will never forget you. Thank you. Yren: I thought that you were Korean. But I was wrong. You're so cute! I'll never forget all the things I learned at WBHS or its pleasant memories.

A.J. you're my best friend! Who would have thought it? I know we are uncanny but I couldn't have a better friend. Thanks for the scar! For making me feel important and loved. First off, I'd like to thank my friends. These last four years would not have been the same without you guys. Ashlee, I feel like we've been best friends for so much longer than 4 years. We're pretty much twins and we can always seem to read each others minds. Bri, I'm so glad we became close this past year. I can safely call you my best friend too and I truly appreciate that you put up with me and Ashlee. Paige, gotta love you, even if you do see UFOs haha. Mom, Moe, and Robin, thanks for being moms. Much appreciated as well. Dad and Connor, thanks for always being there for me. ES, LK, TP, AS, MC, EM, SO, & KA, thanks for being great friends. Leaving is going to be one of the hardest things I've done so far and I'm truly going to miss everyone. Are we there yet? We've been waiting forever to be seniors and now it's over so fast. Of course I want to thank mom and dad for everything. You guys are definitely the coolest parents ever. John, I'm going to miss you buddy. It may seem like it drives me nuts, but I like listening to your movie talk, in moderation of course. Teegan, senior year is a little boring without you, but the weekend visits are tons of fun. Kristine, where can I start? How about English projects, late night calls with homework questions, random art class debates. Art Class Rules! In no other class can you randomly break out in song and dance. Kelly, thanks for being the chauffeur for so long. All you smarty pants, Mass Academy people, you know who you are! The cafeteria table was so empty without you. I can't leave out Emily. Best buds since before preschool! College is going to be such a shock compared to high school. I'm ready for the change and I know the class of 2009 will do amazing things in their upcoming years. "Will we think about tomorrow like we think about now?
Can we survive it out there?
Can we make it somehow?
I guess I thought that this would never end
And suddenly it's like we're women and men
Will the past be a shadow that will follow us 'round?
Will these memories fade when I leave this town
I keep, I keep thinking that it's not goodbye
Keep on thinking it's a time to fly
As we go on
We remember
All the times we
Had together
And as our lives change
Come Whatever
We will still be
Friends Forever."

You should spend some time in thought. And number three is, you should have your emotions moved to tears, could be happiness or joy. But think about it. If you laugh, you think, and you cry, that's a full day. That's a heck of a day. You do that seven days a week, you're going to have something special." ~ Jim Valvano

School's almost over, and by the time your reading this, the class of 09 is probably already gone. It's been a good run and but I'm glad it's finally over. After getting up at 6 in the morning, and staying up past midnight working on English homework, I welcome the downtime of summer, before college, with open arms. I'd like to thank my friends for the time we spent goofing off when we were suppose to be working, especially in Chemistry class [but really, who could blame us]? Jared, Scott, and Jake- Let's just say our lunches were interesting, but unforgettable all the same. I'm glad you were there to make memories with me in Europe [may the Pork-a-pine live forever]. "And in the end; it's not the years in your life that count, but the life in your years."
- Abraham Lincoln

As an underclassman, looking at the years to come, they looked endless, despite older friends telling me otherwise. Now, I can easily relate. High school went by faster than I ever thought possible, and I've had the time of my life. I've lost friends but I've also gained friends, and those true friends, are now my family; Ty, Maki, Jame-wa, Caii, Ashleena, Dani, Ammy, SuckaMC, A.J., Prince. And the crazy summer crew; Derry, DoubleD, Nicky O, Steeves, Brown, Ricky, Alek, Zack, Mikey, Paulie Paul, Maso, Mano, Weshly, Chevie, Nicky P and all the others I may have forgotten. And to my family; Dad, you are the strongest person I know, and I wouldn't be anything near the person I am today if it hadn't been for you. And Jessa, my amazing cousin who has always been much more like a sister to me. My high school career is over, and it's happened in the flash of an eye. And the memories I now have from these four short years will last me a lifetime.

Sometimes I find myself sitting in class, staring at a clock that refuses to move. It just sits on the wall, mocking me, knowing that I'd rather be anywhere else. But other times the hands of the clock spin at breakneck speed and I find myself wondering how the hell I got to where I am. Suddenly, I'm eighteen years old, I have a job and I'm getting ready for college. How does that happen? How can days sometimes stretch forever, but years pass in the blink of an eye? I won't pretend to know the answer, but it's simply amazing how quickly senior year snuck up on me. I guess I'd just like to thank my parents for supporting me and being [generally] understanding of my faults and idiosyncrasies. I'd also like to thank my friends. You know who you are. Thanks for making my years in High School as enjoyable as possible.

Through out the years, I have noticed that when I became part of the class of 2009, it was about the best thing that could have happened to me. The class I am now graduating with is one of the best ever. I love all my friends. My neighborhood has grown up together and all are graduating the same year, Colleen, Dani, Katie, and, even though shes not here, Jamie. Mostly, my high school years have been amazing. Coming back after leaving for freshman year was another great thing I did. WB might not be the best town out there, but its filled with great people. I especially love my Girlfriend, Alysia Barnes. She has gotten me through so much with school. She always made sure I did my homework, or she'd tell my mom on me. Go Class of 2009. I love you all and will never forget any of you.

I'm not sure how it happened, but high school happened to us. We grew up and learned about ourselves over four years. Thinking back on it all, it was crazy, happy, sad, loud, confusing, and clarifying all at the same time. I'm so grateful for parents who put up with me, friends who believed in me, and everyone else who turned me into what I am today. Without all of you who knows where I'd be. I can't name names, because no one in specific meant the most to me. Of course, there were the select few who knew me inside and out, but they know who they are. We made memories that will always make us smile, and lived through experiences to make us stronger. High school will always be the period of living, loving, and learning, and these last four years proved that. For me it was the best time of my life thus far, and I know everyone in the class of 2009 would agree with me. To all of you, good luck in the future, and thank you for the past.

Even though I didn't stay at West Boylston for high school, I had a good time here. I made some awesome friends! I'll go in alphabetical order not to make anyone angry. Amanda aka Dexter, I will always remember watching As the World Turns and us discussing the most random of things because of it. Catherine, aka SheaCat, okay well, this girl followed me to Mass Academy, maybe I guilted her into it, who knows! Killa Kelly, our scary movie marathon was simply amazing, while our fire-making skills do not exist what-so-ever. Kristine, your gossip always seemed to amaze me! Samantha, aka Slammin Sammy, you're just so amazing with great trailer trips. Remember, tanning too much isn't good! Teegan or TJJ, I can't believe you copied me and Catherine in going to college early, wow. Just kidding! I hope you're having fun there, apparently your college is hard. Two hundred words? Yeah, two hundred words are supposed to be the last sentiment that we leave for each other. In no way would that ever be enough. I mean, how can two hundred words even express how much of a great time the last four years have been? With Matt Gomes at my side with every turn, Jared leading the way with his perfect hair, and the entire group sitting up the road, getting ready for the great time we all know that the night will bring. All of us have laughed, not slept, and cried together while life moved on. Though none of us know where the road ahead will take us, I do hope that just around that corner, or right up the path, we will all have these friends waiting for us. Waiting with new stories to tell and memories to share. This now is not the end of an era, it is the beginning of a new lifetime, and even though the new instills change, let's all hope and pray that the friends and memories that we have strived so hard to gain in these last four years, won't be for naught.

What are they thinking letting us loose on the world? Most of us have grown up together, made more paper cranes than we ever wanted to, been in bus accidents, pulled play comps together at the last minute, and now we are all leaving to follow our own paths. Wherever our paths may lead us, there are things that bind us all together: all the times, both good and bad, that we shared, the laughter and the stress, the class spirit and conviction that we were far superior to any other class, and the sleepless nights trying to finish projects. I am thankful for my family and friends who made the bad times tolerable and the good times stupendous. We are all leaving our small school to face the world. We can shape our own futures if we have the confidence, ambition, and courage to do so, for our own dreams can never come true if we let others tell us what we should dream.

Wow, Congratulations 2009! Thanks Dad, Kelly, Jarrett, these 4 years have been such a great experience. All my friends: Cory, Ward, A.J., Roemer, Christiane, and Bronson: so many good times playing guitar after school, coffee house, Cheoy Lees, Border's. Maggie, Caitlin, Emily, Lori, Jess, Haley, Tyler, Jake. So many good times with movie night, hanging at Shannon's, half days. You got to love A.J., Wardo and myself playing poker at 1am on sugar rushes [Lance, Ricardo, and Perez]. Staying up til 5am at sleepovers. Good times in Washington- ditching each other in the museums, Cory ripping open the taped door only to have Mrs. Carter stop by at 2am with two armed policemen, and of course the bus accident on the way home. I saved the best for last: Sarah you really are amazing. We've had so many good times together- prom, movie nights ;-]. I wouldn't wish to change anything that ever happened. It was/is great to share the experience with you!

My girls! - First off, my four years of cheering is more than I could've asked for. We've made it so far, going to nationals and getting second; I never even thought it would be possible for us to make it so far. I'm so proud of you girls and I know you girls are going to do great with Rafael. It breaks my heart to end cheering now but I know it ended better than I ever pictured. Know you girls are in good hands just remember not to take it too seriously.
Kelsey- I know you already know this, but I love you like a sister. Having a best friend like you makes everything seem so much easier, love you to death girl, and its really hard for me to imagine that you might be going to school in Wisconsin. I want to thank you for being there for me through everything. I love you.

As I look back at all the years I spent in WB, I notice how much I have changed. In early years of elementary school all the way up through middle school, I was afraid to take chances. I was quiet, reserved, and not sure of who I was. With the help of my true friends, however, I was able to become the cool, funny, and overall awesome guy that you talk to every day. I'd like to take the chance to let you know of my second biggest passion, the guitar. I hope to play guitar almost every day of my life until I die. Behind every great man, however, is his better half. I'd just like to say that I love Jessica Riopel. She is the true love of my life and I hope to be with her forever. Other than that, my life is pretty much spent hanging out with friends, including A.J., Roemer, Sorge, Christiane, Cory, and everyone else I forgot. Graduating from High School reminds me of a poem I once read:

"Someday, when my life has passed me by, I'll lay around and wonder why you were always there for me."
-Sugar Ray

First off, Mom and Dad. You two have a done a great job bringing me up and making me into the person I am today. Youve always been there for me and I thank you for that. Carly and David, we had our typical sibling fights, but I'm really glad to have you two around. Nayborhoodies, Steve, Dana, Pat, Nate, David, countless games of pickle, wiffleball, football, manhunt, you name it. Kimbells, D-P Treehouse, Big Hill, Garage Spot, shed + Superbowl parties, poncho + scary videos, the best neighborhood around. You guys, plus Dan, Kevin, and Nick, aka Bune Harpoon, are my best friends. 1, 2, 3, JUMP!, we'll be over in 5 minutes, Jumbo Ice, freshman Spanish, BK Rap, Parker runs, 3EB concerts, 10th grade prom, so many great memories. Christina, you're amazing, thanks for always being there, I've learned so much from you. To everyone in my grade that I've grown up with all along, even if we weren't best friends, you've been a huge part of my life. Thanks for the memories. I'll never forget my years of Tahanto Soccer, thanks coaches for everything. I've learned a lot from high school and I'm ready to move on.

Going into High School, I didn't know what to expect or if I would enjoy it at all - But I have loved these last four years, and life only improved as the years went on [quite quickly if you ask me]. And those times that weren't so great - Well, I can at least look back knowing that every experience I had has made me who I am today. Life so far has made me grateful for what I have and given me reason to continue improving, and I think I owe that in part to my friends and in part to a very stimulating art program. Here's hoping that the hard work we put it to keeping it around doesn't go to waste! The artsy girl that I am, I know how important the arts are to many people in the school it helped me determine what I want to do with my life. So, when I'm away at college, I'm sure I'll remember all the good the arts have done for me here, and hope it does the same for many others.

Finally it's over! These four years have gone by so fast. I've grown so much from all of my teachers, as well as my peers. It seems like just yesterday I was a freshman. I couldn't have made it without Ashlee Armey - we've been friends since kindergarten and we're still holding on. I know I definitely couldn't have done it without my family, Mom &~Dad - You have always been there for me through it all. You have stood behind me in every decision I made. Thanks for helping me through it, love you guys! Kyle - My big brother, you've gotten me out of so much. You have always been there for me whenever I needed someone to talk to, thanks bud! Most of all I couldn't have done it without my second family. S.A.P, J.R.C, T.J, K.E.B, M.C.P, E.M.S, A.M - What would I do without you guys! You probably know me better then I know myself. We have had so many good times together from fishing, nurf gun hunting, seeing black bears, or just hanging out playing rock band. Lastly, I couldn't have done it without the rest of the class of 09.

I am finally writing my senior write up and I am still in shock. Twelve years went by faster than I could have ever imagined. I just wanted to say thank you to my Nana, who never gave up on me and always supported me. She always believed I could do anything possible. I would not have been able to do this without her support. Also to my sister Kara, who kept me strong and going, she is my inspiration! To my friends, old and new, you you will always have a place in my heart! And last but not least, to all the teachers who believed in me and helped me keep going. I appreciate it more than you know. Coming back to school was the greatest thing I feel I could have done and I am so proud of myself. I feel that throughout this whole experience, I have truly found who I am.

GOING OUT OF BUSINESS

Many retailers are forced to file for bankruptcy or go out of business after being unable to rebound from the harsh economy and a very disappointing fourth quarter of 2008.

The world's "hot spots" center around the Middle East. Israel mounts a major offensive against Hamas in Gaza, the United States continues to oppose the Taliban in Afghanistan and insurgents in Iraq, and in August, Russia attacks its southern neighbor, Georgia, in a dispute over western influence in the area.

In January 2009, after both engines fail due to ingesting birds, US Airways Flight 1549 ditches in New York's Hudson River. All 155 passengers and crew members are saved, thanks to the skill and courage of pilot Chesley B. "Sully" Sullenberger.
